How Gov. Wolf's Proposed 2015-16 Budget Would Impact Rep. Chris Ross's District

After four years of austerity budgets that made deep cuts to public services, public schools are struggling, property taxes are rising, and Pennsylvania remains near the bottom of state rankings in job growth since 2011. Gov. Wolf has proposed a budget that reinvests in our future by restoring funding for education from pre-K to college and delivering property tax relief to homeowners.

School Districts in Rep. Chris Ross's Legislative District Would Receive

- \$6 million in new funding
- 116 new Pre-K slots
- \$2 million in savings from standardized payments to cyber charters

Meanwhile, Homeowners Would Receive Property Tax Relief

- The typical homeowner in the district will see a property tax reduction of \$1,177
- That's a reduction of 26%

A Drilling Tax Would Raise Millions in New Revenue for Schools and Other Needs

- \$5.3 million for the district
- \$1.08 billion statewide

Gov. Wolf's Proposed Minimum Wage Increase Would Raise the Wages of

- 5,406 workers in the district
- That's 16% of district workers

The Budget and Leveraged Federal Funds Would Also Support Investments in Human Services in the District¹

- Human services funding increase of \$22,079²
- 530 individuals newly eligible under Medicaid
- 92 more children will receive health coverage under CHIP
- Increased funding for mental health services of \$476,782

Gov. Wolf has also proposed that residents of Rep. Chris Ross's district subject to the Philadelphia wage tax will receive a portion of \$251 million in tax relief

Notes.

¹All the figures in this section represent the sum of county totals for any county covered in part or in whole by Rep. Chris Ross's district.

²Human services is defined here as the sum of the funding increase for the human services development fund and homeless assistance.

³The total and percent reduction in property taxes for Rep. Chris Ross's legislative district are a weighted average of the property tax reductions for each school district. The weights were determined by the number of homesteads in each school district.
